Commissioner for Patents

The reply filed on June 27, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The reply to the election of species requirement is not complete. The requirement mailed May 25, 2006 required the following for the host compound: "Applicant should elect a single host material from the group consisting of the following: Formulas (2), (5), (7), (9), (10), (12), and (14). Applicant should indicate a single element or substituent group representing each variable of the respective elected formula." The requirement mailed May 25, 2006 required the following for the guest compound: "Applicant should elect a single guest material from the group consisting of the following: Formulas (3), (6), (8), (11), and (13). Applicant should indicate a single element or substituent group representing each variable of the respective elected formula." Applicant did not list a single element or substituent group representing each of the variables of the elected formulas. Also, applicant must include a listing of all claims readable thereon, including any claims subsequently added (see paragraph 4 of the requirement). See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
